Japan and World's Ocean Initiative

1 The UN Decade of Ocean Science Goes into Motion

1 Formulating the Implementation Plan for the Decade

2 Japan's Involvement

Our Challenge: To Sustainable Ocean

2 COVID-19 Pandemic and Cruise Ships

1 The Number of Cruise Passengers and Port Calls in Japan

2 Outbreak of COVID-19

3 Infection Control for International Cruise Ships

4 Cruise Ship Health Management

5 Cruise Lines' Strategy for Preventing Infectious Disease in the Era of COVID-19

6 Reactivation of Domestic Cruises on Japanese Flagged Vessels

7 The Way Forward for the Post-Pandemic Cruise Industry

3 Toward a Blue Recovery

1 Achieving Net-Zero Emissions by 2050 —The Ocean's Contribution

1 Toward Net-Zero GHG Emissions by 2050 Target: Move to Boost the Ocean's Contribution in Japan

2 Toward Net-Zero GHG Emissions by 2050: The UNFCCC's Efforts to Strengthen Contributions from the Oceans

3 Looking Forward

2 Development of Countermeasures against Marine Plastics

1 Charging for Single-Use Plastic Shopping Bags and its Effect

2 Toward Realization of the Osaka Blue Ocean Vision

3 Survey and R&D

34	4 Fisheries and Blue Resource
34	1 The Revision of Japan's Fisheries Act and the Outlook for the Future
34	1 The Purpose of the Revised Fisheries Act and the Roadmap to the Future
36	2 Potential of Global Fisheries
37	3 Fishery Reform in Japan: Challenges and Vision
40	2 Yokohama Blue Resource Project
40	1 Yokohama City's Efforts against Global Warming
40	2 Yokohama Blue Carbon
42	3 Blue Resources Credits Certified by Yokohama City
42	4 Outcome and Outlook of Yokohama Blue Carbon
44	5 Maritime Security and Safety
44	1 Maritime Security Environment Surrounding Japan
44	1 United States-China Standoff leading to a New Cold War Era
46	2 Increased Threat of China in East Asian Waters
50	3 Chinese Military Strengthen Confrontational Postures against the U.S. Military
51	2 Oil Spill from a Japanese-Owned Ship off the Coast of Mauritius
51	1 The <i>Wakashio</i> and the Grounding Incident
52	2 Responses of the Government of Mauritius
53	3 International Responses
54	4 Responses from the Ship Owner and the Charterer
55	5 Towards Environmental Recovery
55	6 Safe and Reliable Shipping
56	3 Ten Year Anniversary of the Great East Japan Earthquake
56	1 The Catastrophe Caused by the Mega-Tsunami and a Study on It
58	2 Tsunami Countermeasures based on 2 Tier Tsunami Scale
61	3 Rebuilding and Pre-emptive Rebuilding
63	Articles from the "Ocean Newsletter"
64	Learning about the Ocean through the Multi-purpose MDA Service "Umi Shiru"
66	Initiatives and Prospects for Barrier-Free Maritime Transport Facilities
68	Promoting Sustainable Ocean Economies and International Partnership —An International Webinar Video Message—
70	The Case of the Diamond Princess Cruise Ship and the Role of Japan
73	Contributors
